

## *Pre-Starter Diet*

**Product:** sonicSTART is a specially formulated meal for feeding to newly weaned piglets. sonicSTART is a blend of milk products, cooked cereals, human grade fats and oils, and sugars.

**Pack Size:** 25 lb Bag

**Use Rate:** Days 1 to 3 after weaning—feed 3 to 5 ounces per pig alone on the first day and mixed with starter pellets on days 2 and 3.

**Features:** Formulation of concentrated milk proteins, herring meal and porridge oats supplemented with gut conditioners, macro and micro minerals, vitamins and attractants.

**Purpose:** Designed to re-hydrate weaned piglets and ease the transition from sow's milk to dry feed.

**Benefits:** Most effective on the youngest, lightest pigs in a group. Especially beneficial for pigs weighing less than 10 lbs and/or weaned at less than 16 days of age.

**Remarks:** Keep sonicSTART fresh, close each bag after use. Do not store in nursery rooms.

**Feeding Directions:** Feed approximately the following amounts of sonicSTART per day:

- **Day of weaning:** provide only water for the first hours after weaning. After piglets have had a drink and settled down, provide about ½ ounce of sonicSTART per pig on mats or lockdown feeders. A pen of 25 pigs would get 12 ounces (1 and ½ cups) a pen of 50 would get 24 ounces (3 cups), etc.
- **Day after weaning:** provide 1 to 2 ounces of sonicSTART per pig mixed 50:50 with Eu-Tec goldSTART on the mats or lockdown feeders. For best results divide the mix into 3 or more feedings to stimulate appetite and keep the mix fresh. Provide small amounts of goldSTART in the main feeders.
- **Second day after weaning:** provide 1 to 2 ounces of sonicSTART per pig mixed 25:75 with goldSTART or easiSTART on the mats or lockdown feeders. For best results divide the mix into 3 or more feedings to stimulate appetite and keep the mix fresh. Provide small amounts of first stage starter diet in the main feeders.
- **Third day after weaning:** If pigs have finished their allotment of sonicSTART, discontinue feeding it. If some product remains unfed, use it to top dress over the pellets to attract the pigs to the feeder.

**Cost Benefits:** Each 1.0 lb of extra weight at the end of the nursery is equivalent to and extra 2.0 lb at market or less 1 day to market. If 2 days to market are saved, feeding sonicSTART will save \$0.40/pig marketed in feed savings alone.

# sonicSTART

## A Complete Prestarter Feed for Pigs from 2 Days of Age to 4 Days Post Weaning

### FEEDING DIRECTIONS

sonicSTART is a dry milk based meal suitable for feeding piglets from three days of age to the fourth day post weaning. Feed approximately three to five ounces per pig post weaning.

Preweaning—Feed from the third day of life as a creep feed. Mix with first stage starter diet two days before weaning.

Postweaning—Feed 1/2 ounce per pig the day of weaning. Days 1 and 2 mix 50/50 with Gold Start to appetite. Day 3 post weaning—use as top dress over gold START.

### INGREDIENT STATEMENT

Dried Whey, Dried Whey Protein Concentrate, Coconut Oil, Dried Skimmed Milk, Steam Rolled Oat Groats, Fish Meal, Dextrose, Soybean Oil, Citric Acid, Wheat Middlings, Dried Yeast, Dried Enterococcus faecium Fermentation Product, Fructooligosaccharides, Dicalcium Phosphate, Dextrose, L-Lysine Monohydrochloride, DL-Methionine, L-Threonine, Encapsulated Salt of Alimentary Fatty Acid, Encapsulated Essential Fatty Acid Mixture, Hydrated Silicone Dioxide, Dried Bacillus Lichenformis Fermentation Product, Dried Bacillus Subtilis Fermentation Product, Vitamin A Supplement, Vitamin D<sub>3</sub> Supplement, Vitamin E Supplement, Menadione Dimethylpyrimidinol Bisulfite (source of Vitamin K), Folic Acid, Niacin Supplement, Calcium Pantothenate, Thiamine, Riboflavin, Pyridoxine Hydrochloride, Vitamin B<sub>12</sub> Supplement, Biotin, Choline Chloride, Ferrous Sulfate, Iron Proteinate, Copper Sulfate, Manganese Sulfate, Calcium Iodate, Cobalt Sulfate, Zinc Sulfate, Sodium Selenite, Propionic Acid, Sodium Silico Aluminate, Selenium Yeast, Mineral Oil, Sodium Saccharin, Natural and Artificial Flavor.
